PROXIMITY READERS/ SOLAR-K - Combined

Product description

The SOLAR-K from CDVI is a standard proximity card reader including a keypad.

These stylish new readers are available in both black and white. As with the other readers from the range (STAR, SOLAR and MOONAR), the SOLARK gives an anytime status of the door through multi-coloured LED's.

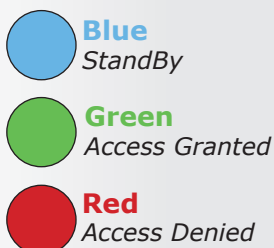

These access control readers have a high performance read range and are easy to mount.

Digicode®
