

## Datasheet

### ELECTRO-MAGNETIC LOCKS/ V4ER - Internal Flush Mortice Magnetic Lock

#### Product description

The internal range of mortice magnets from CDVI offers high performance in many different environments.

The V4ER is a mortice magnetic lock with a holding force of 400kg. Similar to the V3ER, the unit is 12/24Vdc selectable and is usually installed within a transom housing to provide locking of swing doors.

The V4ER includes lock status monitoring as a standard.

#### Key features

- Mortice flush mount maglock
- Up to 400kg holding force
- Monitored
- Slim profile
- Ideal for sliding doors
