ANSWERING A CALL

beep! beep!

During a call

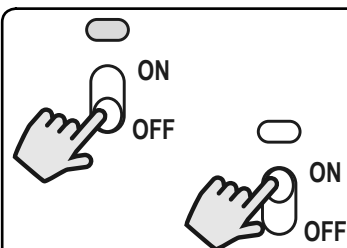

To answer an incoming call pick up the handset. A conversation with the caller can begin. To end the call replace the handset back on the cradle.

OPERATING THE PRIVACY SWITCH

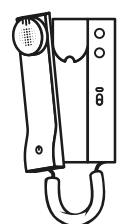

zZz zZz

In standby

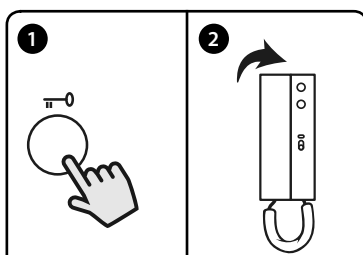

To activate privacy and switch the phone OFF, move the privacy switch to the OFF position. To switch the phone back ON, move the privacy switch to the ON position.

TO OPEN THE DOOR

During a conversation

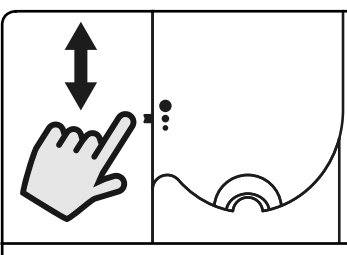

During a conversation, with the handset lifted, press the lock button  to operate the lock. To end the call replace the handset back on the cradle.

CALL TONE VOLUME ADJUSTMENT

zZz zZz

In every situation

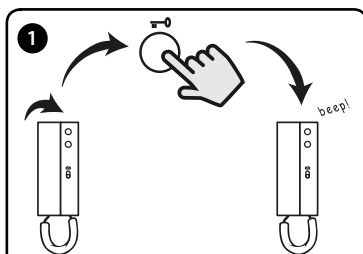

Move the volume switch to the lower position to set the call tone volume to low, to the middle position to set the call tone volume to medium and to the upper position to set the call tone volume to high.

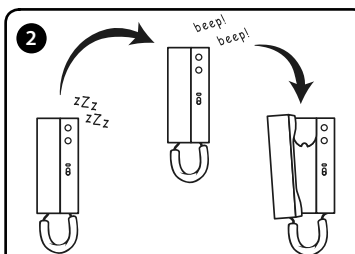

MAKING A CALL TO THE CONCIERGE

zZz zZz

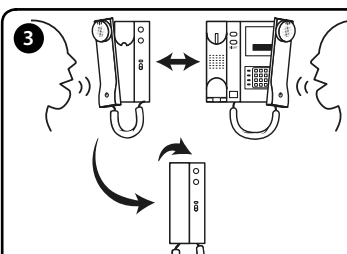

In standby

With the handset on the cradle press the lock button  once. The phone will emit a beep, to indicate a call has been placed to the concierge.

Wait for the callback from the concierge. After a brief delay the phone will ring. When the phone rings pick up the handset to answer the call.

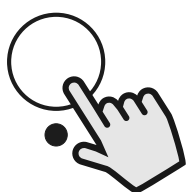

A conversation can begin between the phone and concierge. When the conversation is finished replace the handset back on the cradle.

SPARE SERVICE BUTTON

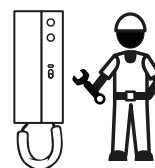

zZz zZz

In every situation

Press the spare service button to activate a secondary function (if this was set up during the installation).
