

Datasheet

STX1024W - Weatherproof symmetrical strike with stationary contact

Product Description

The STX1024W strike is waterproof (IP68) and can therefore be installed outdoors.

With its height of 66 mm and its narrow profile (universal integration), the strike is suitable for renovation projects as well as new installations.

It features a radial movement for simplified installation without requiring machining on the door frame. The STX1024W is dual-voltage, operating from 10 to 24V AC/DC.

Symmetrical and reversible, this strike adapts to all door configurations.

Key Features

- Fully waterproof outdoor product
- Symmetrical and reversible strike
- Dual-voltage 10/42V AC/DC
- Radial movement
- Adjustable jaw
- Protection against back-EMF

Certification

Certification

DEEE

RoHS Certification

IP68

-25°C to 60°C

Product Specifications

Material: Zamak®

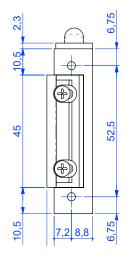

Mounting: Mortice mount

Lock mode: Fail secure (two-stage)

Holding force: 380kg Cycles tested: 400,000 Jaw type: Adjustable

Weight: 120g

Dimensions: 66x16x25.5mm

Electrical Specifications

Power input: 10/24V AC/DC

Consumption: 250 mA @ 12V AC

300 mA @ 12V DC 500 mA @ 24V AC 600 mA @ 24V DC
