THE ARCHITECT OF YOUR SECURITY

Choosing LA TOULOUSAINNE means choosing a professional brand which defends strong values for 6 decades, which masters the design of products recognized for their reliability and impeccable quality, advocates the love of a job well done and the satisfaction of those who use its products every day: YOU.

Between your moments of life indoors and those discovering the outside world, LA TOULOUSAINNE will always be at your side to guarantee your safety and highlight your heritage. You are unique, and so is your gate! This is why more than 300 technicians, designers, operators and customer service teams work every day on our Toulouse site to find you a tailor-made solution and ensure the shortest lead times on the market!

A good product also means quality installation ensured by the largest network of recognized professionals.

Project yourself into the future today by choosing LA TOULOUSAINNE, a 100% French leader, with more than two million products installed in Europe.

The "OPTIMAL" range responds perfectly to current trends in terms of exterior design. Its clean, minimalist lines with straight shapes are available in full, openwork and semi-openwork for all types of gates solutions. A state of the art response, much appreciated by architects
